PADUCAH PASTOR MADE MODERATOR OF STATE SYNOD

The Rev. D. W. Fooks Is Presiding Over Cumberland Meeting.

Large Gathering of Churchmen at Marion.

WOMEN ARE MEETING TODAY

Marion, Ky., Oct. 26.—(Special)—The Rev. D. W. Fooks, of Paducah, was elected moderator of the Kentucky synod of the Cumberland Presbyterian church here. His election was by acclamation and unanimous. Besides presiding this morning, he preached the sacramental sermon. The sacrament was administered by the Rev. J. T. Barbee, of Bowling Green, and the Rev. J. B. Lowrey of Princeton.

At the first roll call last night 22 ministers responded and 41 congregations were represented. This morning about 25 more delegates and visitors arrived. There were about 50 visitors at the opening session.

The synod was called to order at 7:30 o'clock last night by the retiring moderator, the Rev. J. L. Price, of Providence. At his request the Rev. B. H. Henderson, of Summerville, preached the opening sermon. His subject was "Too Busy, or Neglect of Opportunity." His text was 1 Kings, xx, 40. The sermon was pronounced a masterpiece.

The scriptures were read by the Rev. G. P. McDonald, of Greenville, and the prayer was made by the Rev. J. P. Barbee, of Bowling Green.

Devotional exercises this morning were led by the Rev. N. G. Gundiff. Welcome addresses were made as follows: for the local ministry by the Rev. Mr. Mathis, the Methodist church of Marion; for the city by J. W. Blane for the local bar by A. C. Moore. Responses were made in order by the Rev. O. A. Barbee, of Greenville, the Rev. S. H. Eshman, of Bulaski, Tenn., and the Rev. Mr. Clement, of Hopkinsville.

The Woman's Mission board is holding its session this afternoon. Thirty delegates are present.

Graves County Baptists, Melber, Ky., Oct. 26. (Special)—At annual session the Graves County Baptist association convened here today for a three day's meeting. Between 800 and 1,000 delegates representing 33 churches of the county are present and both the Baptist and Methodist churches are being used. The Rev. M. E. Dodd, pastor of the First Baptist church at Paducah, addressed the delegates in the Methodist church this morning.

The Rev. Dr. Powell, of Louisville, is here and will speak. Officers for the ensuing years will be elected tomorrow. A basket dinner was spread in the grove at noon and this will be a feature of the meeting each day. The county is well represented, Dr. Dodd, the Rev. J. R. Riley, of the East Baptist church, Paducah, and Mr. R. L. Eley, of Paducah, are present. It is one of the largest meetings in the history of the association.

PLANK FLEW UP AND KNOCKED HIM FROM SEAT

A peculiar accident happened yesterday afternoon when Jim Watson, driver of a gravel wagon, was knocked from his seat on the wagon by a board, and fell under the wheels of his own wagon. Two ribs were fractured and Watson was bruised about the body, but his condition is not regarded as critical. Watson was driving a gravel wagon on the Benton road about nine miles from Paducah. As he drove across a small culvert a plank was tipped up and struck him, knocking him to the ground. One wheel struck him before the team could be stopped. Dr. O. A. Eddieman, of Sharpe, dressed the injuries and today Watson was much improved.

COAL DRIVER CHARGED WITH HITTING FOUNTAIN.

On charge of damaging public property, Walter Shoat, colored, a driver for the Pittsburgh Coal company, was fined \$20 in police court this morning when the commonwealth proved, despite his denial, that he ran into the handsome drinking fountain at Tenth street and Broadway several weeks ago and twisted it out of position. Shoat was arrested at 3:30 o'clock yesterday afternoon by Patrolman Rickman, but protested his innocence. Witnesses in court this morning saw him bump into the ornamental fountain and others said Shoat told them of hitting it.

Balloon "America" Seen Soaring Over Province of Quebec and Its Whereabouts are Still A Mystery

"London Post" Balloon Crosses Channel to England—Altitude Record For Aeroplane Broken.

Montreal, Oct. 26.—A despatch today from St. Hyacinthe, Quebec, 40 miles south of Montreal, says a balloon, believed to have been the America II, was seen there Friday night. It carried red and green lights, and traveled high and fast.

London, Oct. 26.—After a five hours' flight, the dirigible balloon "Morning Post," landed at Aldershot today from Moissans, France having flown across the English channel. The craft was presented to the war department by the London Morning Post.

At Belmont Park.

New York, Oct. 26.—The American altitude record that J. Armstrong Drexel made in the Elmerion monoplane was snatched away by Ralph Johnstone in a Wright climber. Johnstone came down chilled to the bone and his goggles rimmed with frost. For half an hour he battled with a snow storm above the clouds. Wilbur Wright danced with joy.

De Lesseps, in a Bleriot, reached 6,391 feet; Hoxsey, in a Wright, 5,796; Latham, in an Antoinette, 3,772.

Latham frightened the crowd when he began to do flip flops under the edge of a nasty looking storm cloud, half a mile up. He righted himself and then shot to the earth in rushing swoop. The edges of a tree brushed the machine and punched one of the wing surfaces, but he landed with only minor injuries to the machine. In the totalization of the series, Hoxsey and Johnston are led for first.

KING OF ITALY GOES TO STRICKEN DIRTSCIT

Naples, Oct. 26.—King Victor Emanuel arrived here today to assist in the relief of flood and earthquake sufferers. The minister of marines today reports the recovery of 189 bodies in the stricken provinces.

Ayer-Lord Inspection.

Officials of the Ayer & Lord Tie company are making their annual inspection of ties along the Tennessee river. The towboat Pavonia left Paducah at 10 o'clock this morning with the following on board: President J. B. Lord and son, Mr. Russell Lord, of Chicago; M. Smith, superintendent of the tie plant of Grenada, Miss.; Messrs. N. H. Dowell, D. P. Holland and Captain Henry Baker, of Paducah. The Pavonia will run up the Tennessee as the stage of the river will permit, and the trip will last for several days. Captain Baker returned early this morning from Pittsburgh and will begin, upon his return from the Tennessee, to prepare plans for a set of dry docks to be built here by the company and located at the foot of Jefferson street. President Lord and son arrived from Chicago this morning at 7:30 o'clock.

PADUCAH MILLING CO. INCORPORATES \$25,000

Articles of incorporation of the Paducah Milling company have been filed this week in the county court clerk's office. The company is organized for the purpose of operating a flour mill and will erect its factory on South Second street. The capital stock is given as \$25,000 divided into 250 shares. The stockholders and the number of shares of stock they hold are: C. C. Davis, 100; H. P. Hawkins, Jr., 100; James B. Conner, 5; U. S. Walston, 5. The limit of the liabilities is fixed at \$150,000.

Election Day Strike For Keystone State

Wilkes Barre, Penn., Oct. 26.—A state-wide election day strike was called today by the state labor federation. Unionists will suspend work from 7 a. m. to 7 p. m. November 8th and each working man is expected to vote his independent political views. The call signed by President Greenawalt says: "From a political standpoint, affairs in our once grand commonwealth have become a disgrace to Twentieth Century civilization."

BERRY-LAWRENCE POLITICAL FEUD SPLITTING PARTY

Two Calls For Democratic Nomination In Third Senatorial District.

Keyes, Doom and Broadbent Get Together.

BERRY GIVES OUT INTERVIEW

Developments in the Third senatorial district Democratic situation are rushing apace, with two calls for nominations for state senator, and an open breach between Central Committeeman W. A. Berry, of Paducah, and Executive Committeeman Henry Lawrence, of Cadiz, emphasized by an interview given out by Mr. Berry here.

The boasted failure of the insurgent committee under John H. Keyes, of Calloway, to get together, was dissipated today when John H. Keyes himself arrived in Paducah, en route home from Cerulean, where he and Committeemen Doorn, of Lyon, and Broadbent, of Trigg, met yesterday and called a primary to nominate a state senator in the Third district April 29. Mott Ayers, state prison parole agent, was at Eddyville Saturday when the committee was supposed to meet, and it is claimed he succeeded in scaring Doorn away from that meeting; but Keyes, Doorn and Broadbent, secretly got together at Cerulean Tuesday and completed their call.

Newton Chrisman, of Calloway, has already called a convention for Eddyville, November 17. Committeeman Mitchell, of Livingston, supports him, while the other two committee men with Keyes. Central Committeeman W. A. Berry recognizes Chrisman as chairman; while Executive Committeeman Henry Lawrence, although he has not openly shown his hand, has already stated he will not recognize Chrisman's call, and it is presumed he will accept the nomination at Keyes' April primary.

To understand the situation thoroughly, it must be learned that no election for state senator in the Third district will take place until November, 1911; but that the anti-McCreary men are urging an early nomination in order that McCreary's manager, Henry Lawrence, who will be a candidate for the office, may be forced off the state executive committee before the question of the time, place and manner of nominating a candidate for governor arrives. Lawrence, naturally desires no nomination until some time next year.

The factional trouble, which makes both Keyes and Chrisman pretenders to the office of Calloway committeeman and thereby chairman of the district, is an old one. Berry once decided a contest in favor of Chrisman, but at the succeeding election the Calloway Democrats expressed their disapproval by voting the Republican ticket. In September Chrisman, with the proxy from Livingston county in his pocket, held a committee meeting by himself, and called the November convention. Immediately thereafter Henry Lawrence stated that he will not abide by the call.

Nevertheless, Chrisman proceeded with his call, and Keyes got his committee together and will publish another call this week. Rainey Wells, of Murray, and Newton Utley, of Eddyville, will be candidates for the nomination at the November convention. Lawrence will be a candidate at the April primary; but in the meantime he will remain on the state executive committee, and the anti-McCreary faction apparently has accomplished nothing excepting hopelessly split the party in the district, insure the nomination of two Democratic candidates for senator, and the election of a Republican, without injuring Lawrence or McCreary.

Thus the matter stands excepting that the breach between the state central committeeman for the First district and Executive Committeeman Lawrence is made manifest by the following statement given to the press here by W. A. Berry:

"I understand I have been criticized for taking any part in the political muddle in the Third senatorial district; but this criticism has come only from the friends of General Lawrence, and his pal and ally, John H. Keyes, of Calloway county. I attach no importance to the effort on the part of General Lawrence and Mr. Keyes to foist the latter upon the district as chairman; nor do I consider it done in good faith. General Lawrence as executive committeeman of the First congressional district has already recognized N. W. Chrisman as chairman of the Democratic committee of that county twice—in the

Cummins' Insurgency Doesn't go to Extent of Preferring Free Trade to the Payne Tariff Law He Says

Iowa Senator Advises Illinois Republicans to Support Their Congressional Nominees in Every District

Chicago, Oct. 26.—Senator Albert B. Cummings, of Iowa, ex-insurgent, having refused to review the case, Arthur P. Heinze, brother of the Montana copper king, today surrendered to the federal marshal and began serving a ten days' sentence in the Toombs prison. Heinze was convicted of impeding the administration of justice.

"With all its inequalities and all

its mistakes, I would rather have the Payne-Aldrich act for a thousand years than to see the devastation of a Democratic act in progress for a single month," he said. And that is indorsement that brought out Mr. Tawney's applause.

But he did not stop with that mere indorsement of the tariff law, an indorsement which went much further than the declaration of President Taft that brought such bitter criticism from all the insurgents, namely, that the Payne-Aldrich bill is the best tariff law ever written.

Senator Cummings, insurgent leader, who has called for a "new deal," who personally made the brilliant fight against standpatters and standpatters in Iowa that state has even seen, and who gloated long and loud over the defeat of that Cannon supporter, Representative Hull, in Iowa, why Senator Cummings gave a specific indorsement of Speaker Cannon himself.

"I certainly desire," he said, "that every man the Republicans of Illinois have nominated for office shall be elected." And Uncle Joe Cannon has been nominated. And again he said:

He's Been Misunderstood.

"Any man can draw from any of my speeches the conclusion that I would substitute for any Republican the best Democrat on earth is sadly in need of a mental stimulant."

Senator Cummings did not announce his return to "regularity" right out in the open, it should be understood. He still said he was an insurgent.

"I am one of the senators," he said, "who has not hesitated to criticize the Payne-Aldrich law and to condemn certain provisions in the proposed act for the further control of our railways and in all I have said upon these subjects there is nothing to retract; nothing to be modified or explained."

"I am more profoundly convinced than ever before, not only of the importance but of the imperious necessity of administering the affairs of this country through the instrumentality of the Republican party rather than through the instrumentality of the Democratic party, and I assert with all the responsibility that can attach to one who has given his best years to the service of his fellow men, that the welfare, happiness and prosperity of the people cannot be secured or promoted through Democratic supremacy.

"Assuming personal honesty on the part of every candidate—and by that I mean the purpose to do, under all circumstances and against all influences, what he believed to be right—I appeal for the election of all Republican candidates, no matter how wide our differences may have been with respect to the measures for the public interest which have been or are now proposed."

PERKINS' APPEAL REVERSES COURT

INTERESTING CASE FROM MAXON MILLS COMES BACK FOR TRIAL.

Frankfort, Ky., Oct. 26.—(Special)—The appellate court today reversed the decision of the McCracken circuit court in the case of Robert Perkins against former Sheriff John W. Ogilvie. Perkins filed suit for about \$500 damages as the result of the loss of his crop by reason of being removed from a farm. In the circuit court the jury was instructed to find a verdict for Sheriff Ogilvie and Perkins appealed the case.

The suit of Perkins attracted considerable interest in the circuit court last January when it was tried. Perkins was on a farm near Maxon Mills, and under an order of court he was dispossessed of property by former Deputy Sheriff Clark Fortson, and the farm was placed in the hands of Cecil Reed, master commissioner. Perkins alleged that his entire crop was lost by being removed, and that his household goods was damaged. He filed suit to recover damages, but Circuit Judge William Reed instructed the jury to find for the defendant.

FOUR RAILROADS FROM NORTH AND FOUR FROM SOUTH

Will Meet at Metropolis Bridge According to This Illinois Banker.

More Traffic Than Evansville and Cairo Bridges.

CHANGES IN PLANS ARE MADE

According to a statement made here by Mr. Frank McCartney, president of the State bank at Metropolis, who was en route to Cairo to attend the state bankers' meeting, work on the Burlington bridge will not be commenced for six months yet, which will delay it until spring. He said he was authoritatively informed by Chief Construction Engineer Weatherly. The delay is caused by the revisions that have to be made in the plans and specifications as finally approved by the board of river engineers at Cincinnati and St. Louis. A corps of draftsmen now are at work on the plans and will be engaged all winter in the work.

The bridge as designed by the new plans will cost from between \$3,000,000 and \$5,000,000. It will be a solid steel structure and eventually carry double tracks. At the beginning only one track will be laid, but later, as traffic increases to justify it, another track will be put down and one will carry the north-bound traffic and the other the south-bound.

To indicate the volume of business contemplated for this bridge a Louisville & Nashville railroad official informed the board of river engineers at Cincinnati in June that the Metropolis bridge would carry as much tonnage as the Henderson and Cairo bridges and another single track bridge. From most reliable authority it has been announced that all this traffic will pass through Paducah, which will make the city quite a railroad center.

Mr. McCartney also said four northern lines would meet four southern lines at the bridge. Railroad road activity in the south, all of which is pointed toward the Ohio River, substantiates this assertion. The Chicago, Memphis & Gulf Railroad company, which has commenced a line from Tiptonville, Tenn., to Hickman, is headed for the bridge and it is almost certain that the road will pass through Paducah. What trunk line is behind the Tiptonville-Hickman branch is not known here. Many short lines are also being constructed in Mississippi, and word from Jackson, Miss., is to the effect that two or three lines are headed this way from the gulf.

No Incline at Metropolis.

No incline will be built at Metropolis in the opinion of Mr. McCartney. He stated that the time has passed for beginning the incline work and instead of handling ties at Metropolis the Burlington will haul them from Brookport, having made a traffic arrangement with the Illinois Central to use its tracks from Metropolis to Brookport.

As regards the Chicago & Eastern Illinois railroad, which now extends to Joppa, and is a branch of the Frisco, Mr. McCartney stated that it will be extended to Metropolis, but work on the line will not be started until the bridge is under way.

Real estate is booming at Metropolis and many citizens hold their property at fancy prices in comparison to what it could have been bought for two years ago. Willis Ward, owner of the Julian hotel, this week leased the remodeled State hotel and will open it in a few weeks. The State hotel has been vastly improved, the office, dining room and sample rooms being placed on the first floor.

Mr. McCartney's position in the bank places him in a position to be familiar with railroad conditions in his section and he predicted that Paducah and Metropolis would have a wonderful growth in the next three years.

month as compared with the usual charge in that city by private brokers of ten per cent per month. The idea in this country is a copy of the municipal pawn societies of several European cities.

An account of one of these is given in a report to the state department by Consul Henry H. Morgan. It is the municipal pawn society of Amsterdam, Holland, known as the Bank van Leefling. This is probably the oldest pawn shop in existence. It was started in the early part of the seventeenth century. The earliest record loan made by this institution was on April 29, 1614. The business is still conducted in the original building erected for it at that time though 15 branch offices have been opened throughout the city to meet the ever increasing demands of the business.

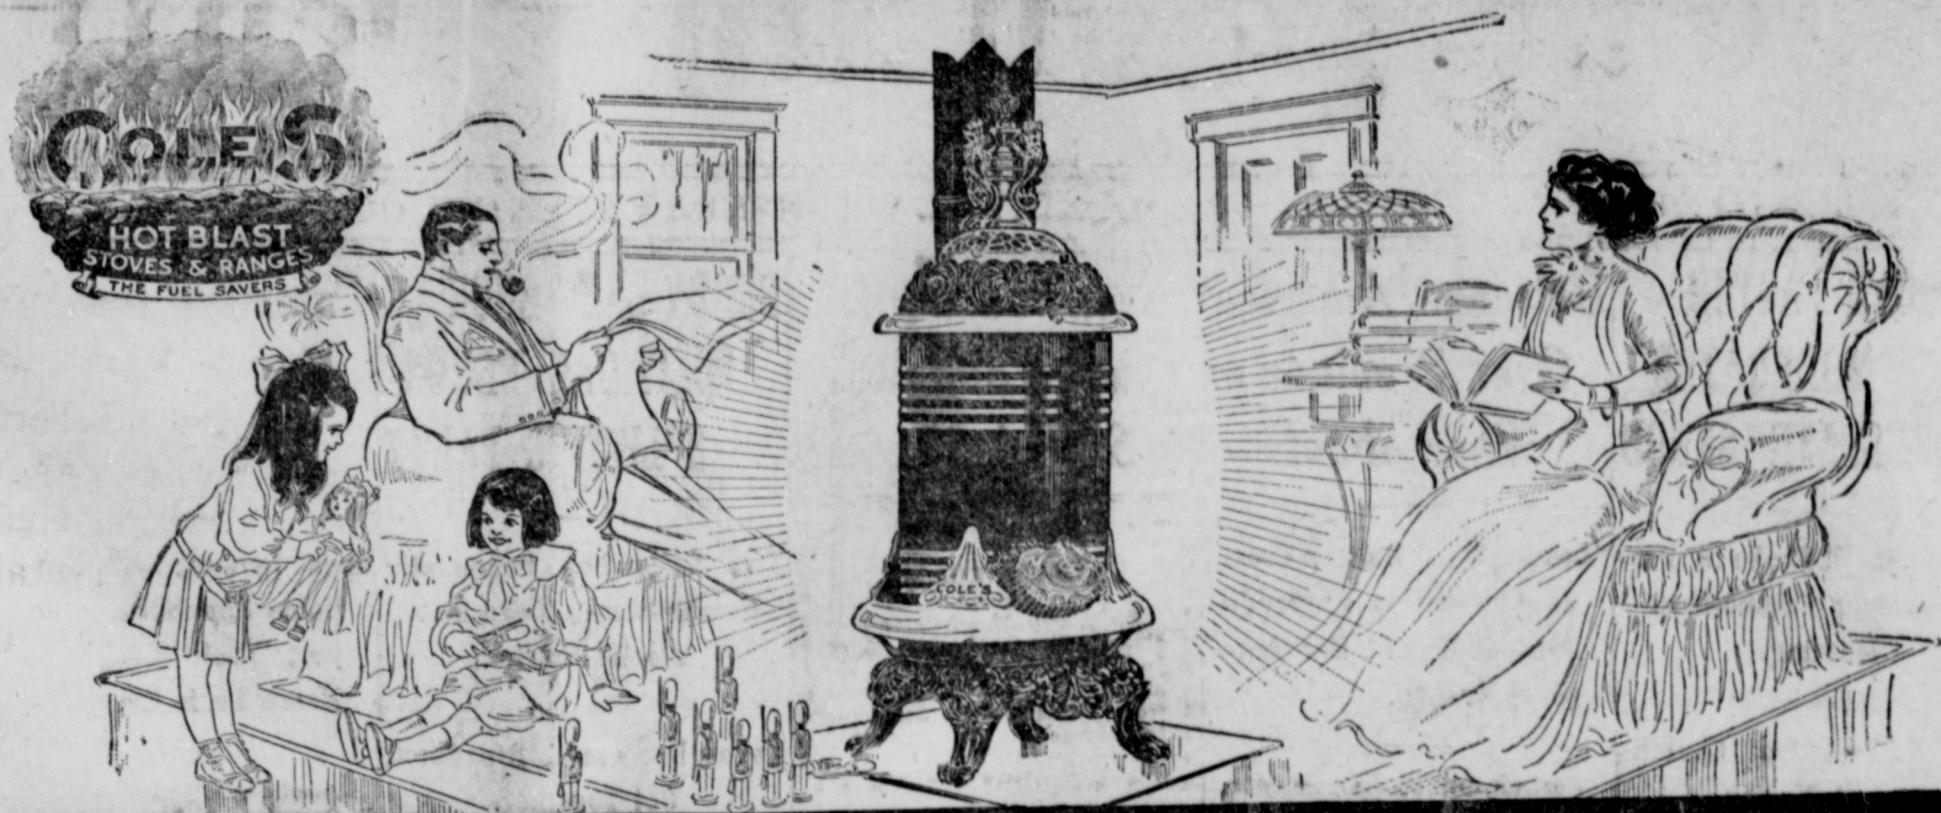

To show the "easy familiarity" with the "hock shop" which long contact with this venerable institution has bred in Hollanders, Consul Morgan states that it is the custom of a vast number of the poorer Amsterdam to pawn their "Sunday best" clothes on Monday morning, redeem them Saturday night and "soak" them again on the following Monday morning, thus securing their use for the Sunday outing. Over 40 per cent of the business of the Bank van Leening, which amounts yearly to over a million dollars, is of pledges of this class-household articles, etc.

The rates of interest charged run, according to the kind of goods pawned, from 6 to 13 per cent per annum. Amsterdam has never placed a single law upon its statute books regulating the interest charges of pawn shops simply because the competition of the municipal society has practically run them out of business. Besides the interest charges there is a fee demanded on all pledges to meet the administrative expenses of the institution. This is only from .004 to .10 an article. Yet from these sources of income, and from the sale of unredeemed pledges and rents for offices in the bank building, the Bank van Leening insures every article which it holds in pawn, pensions all old employees and their widows and clears three per cent on its investment.

Each pledge is held for six months and then, failing its redemption by the owners, is sold at public auction after being advertised for two days. The capital of the bank is \$202,850. Its annual revenue is about \$80,000 a year. It contributes \$5,000 a year to its pension fund.

The Bank van Leening is strictly a municipal affair, the business being conducted by five directors appointed by the city government and by the Burgomaster or mayor. By its charter it's restricted in earnings to three per cent net on its investment and each three years its schedule of charges is made over so that the estimated income will amount to only the three per cent. The institution is under strict police supervision and this has made the business of "fencing" or handling stolen goods very dangerous in Holland as at best it is difficult for other pawn shops to show legitimate reasons for remaining in this business.

Still, even a blind asylum may be a sightly place.

Home Comfort Assured by Using Cole's Original Hot Blast

It means comfort and health for you and your family to have comfortable living rooms—

We want to sell you one of these truly marvelous heaters—

We know it will give you more home comfort for the money you spend for fuel than you have ever had before—

The same comfort you would get from the most costly Hot Water or Steam Heating Plant you could buy. And besides—**Cole's Hot Blast Heater** is better because you can regulate it perfectly—

Cole's Hot Blast Heater gives a steady even heat day and night using for fuel the cheapest grades of soft coal. It is as clean as the highest priced Hard Coal Heater and costs you less than half the money—costs less than half to operate throughout the winter because your fuel bill will be cut in two. Surely this is the Heater you want and will have this winter.

This Original Hot Blast Stove has patented features, which insure an everlasting air-tight and gas-tight construction. No leaky stove will hold fire—remember that.

Cole's Patented Hot Blast Draft insures perfect burning of the gases in coal which makes this heater the greatest fuel saver ever known. Soft coal is half gas and is wasted with other stoves.

We are authorized by the Cole Manufacturing Co. to sell this heater on the most rigid guarantee ever made by any stove manufacturer. **The Remarkable Guarantee is—**

"1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
"2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
"3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
"4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

"5—A uniform heat day and night, with soft coal, hard coal or lignite.
"6—That every stove will remain absolutely air-tight as long as used.
"7—That the feed-door is and will remain smoke and dust-proof.
"8—That the Anti-Puffing Draft will prevent puffing.
"All we ask is that the stove shall be operated according to directions and connected with a good flue.

"(Signed) COLE MANUFACTURING CO., Not Inc."

ROBBER CATAARRH

Steals Energy and Will Power From Its Victim.

Cataarrh robs its victim of energy—some physicians say of will power. That may be the reason why thousands of cataarrh sufferers haven't ambition enough to accept this fair and square offer by Gilbert's drug store, which he makes without any whys and wherefores or red tape of any kind.

W. J. Gilbert says, "I guarantee HYOMEI to cure cataarrh, acute or chronic, or money back," and that offer is open to every reader of the Sun.

HYOMEI (pronounce it High-o-me) is the purest Australian Eucalyptus combined with Thymol and other germ killing antisepsics.

Pour a few drops into the small vest pocket HYOMEI inhaler and breathe it into the lungs over the inflamed membrane infested with cataarrh germs.

It is pleasant to use—it kills the germs, soothes the sore membrane, and cures cataarrh; if it doesn't your money back.

A bottle of HYOMEI costs 50 cents at W. J. Gilbert's and drug-gists everywhere. A complete outfit, which includes a bottle of HYOMEI hard rubber inhaler and simple instructions for use costs \$1.00.

Louis Brownlow on Hampton's Magazine.

The Louisville Evening Post says of a man who is popularly known here:

"Louis Brownlow, former Washington correspondent of the Evening Post and later associated with the Frederic J. Haskin Syndicate, has associated himself with Hampton's Magazine as a special writer, and has 'landed on a real good thing,' according to the reports of his friends. Mr. Brownlow is well known in Tennessee and Kentucky, and while representing the Evening Post at Washington did excellent work. He is now one of the staff of Hampton's, which includes Charles Edward Russell, Judson C. Welliver, Frederick Palmer and others."

"Chat at the Capital" in the Sunday magazine section of the Record-Herald gives an interesting anecdote of Louis Brownlow, which friends here will recognize as quite Brownlowesque:

"Louis Brownlow, of Washington, was traveling in Europe, and arrived at Berlin. There he went to a reception where the American colony was plentifully represented.

"Going up to a handsome woman in the crowd, Brownlow said, 'I want to meet you, because your family and mine were very intimate. You're a daughter of General Sherman. I could tell it by the resemblance of your head to the head of the Sherman statue in Washington.'

"He was right. She was Mrs. A. M. Thackara, wife of the American consul general at Berlin, and a daughter of Sherman. She explained that her head had been used as the model for the head of the statue."

"Why do you weep over the sorrows of people in whom you have no interest when you go to the theater?" asked the man.

"I don't know," replied the woman. "Why do you cheer wildly when a man with whom you are not acquainted slides to second base?"—Washington Star.

OLDFIELD BEATS JACK JOHNSON

NOTED RACER COMPELLED TO ELIMINATE FIGHTER.

Oldfield Says He's Glad if His Victory Will Have Any Effect on Situation.

RAN AWAY FROM THE NEGRO

New York, Oct. 26.—The ambition of Jack Johnson, champion heavyweight pugilist, to annex others as a racing automobile driver received a bright here at the hands of Barney Oldfield, Johnson showed to poor advantage in his new role and Oldfield, in one heat of the five mile race at Sheepshead Bay, toyed with the big fighter. Only two heats were needed to settle the question.

Following the victory Oldfield said:

"I raced Johnson for neither money nor glory, but to eliminate from my profession the possibility of invasion by one who would have to be reckoned with sooner or later. If Jeffries had fought Johnson five years ago the white man would have won, and after Jeffries retired he would never have had to fight him again. If I had ignored Johnson for a year or so he would probably have gained much experience on the tracks and bought high powered cars, while I am not getting any better from day to day. I am glad if my victory over Johnson will have any effect on the 'white man's hope' situation."

In the first heat Oldfield ran away from Johnson. At the finish Oldfield led by about a quarter of a mile.

His time for the five miles was 4:44.

Time of the second heat 1:14 4:5, or 30 4:5 seconds slower than the first, tells the story.

Oldfield, after gaining the lead several times, slowed up to allow Johnson chance.

WANT TO FEEL YOUNG?

It's Olive Tablets for You! Beware of the habit of constipation. It develops from just a few constipated days, especially in Old People, unless you take yourself in hand. Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets—don't force them to unnatural action with severe medicines or by nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and Nature's assistance.

Dr. Edwards' Olive Tablets are gentle, yet positive. There is never any pain or griping when Olive Tablets are used. Just the kind of treatment old persons should have.

Try Olive Tablets and have no trouble with your bowels or stomach.

All druggists sell them in neat pocket packages—15 tablets for 10¢, 45 tablets for 25¢.

STYLISH, skillfully tailored clothing for boys, at our prices, are not so plentiful but that you will be very much interested in our new displays—if you have a boy to clothe.

You mothers, who are accustomed to making each dollar pay its way clear through, know what our location means to you—away from Broadway and its exorbitant rents.

Come here and see the beautiful fabrics of which our boys' clothes are made—study the careful, conscientious workmanship which will make them wear like iron.

Boys of all ages may be tastefully clothed here, at substantial savings which are very much worth while.

A beautiful quality of serge, worsted or a handsome cheviot, made up in both Russian blouse and sailor styles, splendid workmanship, ages 3 to 7—fully up to the standard—which brings \$4 and \$5 in Broadway stores—yet here it only costs you \$3.00.

And many more values, not only in suits but in boys' hats, caps and furnishings as well, which will save you quite as much on your purchase. We have not mentioned the perfect styling which is one of the most notable features of our boys' clothing—for it speaks so eloquently for itself.

News of Theatres

Famous Stars to Visit Paducah.

When the Sheehan English Grand Opera company comes to the Kentucky theater Thursday evening November 3, for performance of Verdi's famous "Il Trovatore" there will be heard in this city more renowned artists than have ever appeared here before at one time. First of these stars is Joseph F. Sheehan, acknowledged the greatest of all American tenors.

To those who have ever heard Mr. Sheehan's wonderful voice little need be said. His remarkable power, combined with a rare sweetness, has placed him in a class by himself. Then comes Miss Elaine De Sellem the eminent French contralto, whose work as the Gypsy bag in "Il Trovatore" has made her a favorite in France. It is not likely that Mr. Sheehan could have found anywhere another artist so well qualified for this difficult role as Miss De Sellem.

The diversion which the three bridesmaids occasioned just as the wedding was drawing to its most interesting stage came near bringing it to a halt altogether, and it took all the diplomacy and dog-knowledge of Arthur Delroy, the best man, and Mrs. R. F. V. Caldwell, the matron of honor, to persuade them to remain quiet until the ceremony was over.

Decorations from Orient.

The wedding was held at the home of Mr. Delroy and the house in anticipation of the ceremony had been lavishly decorated with rare oriental objects of art. The rooms were lighted with Japanese sconces.

It appears that all three of the bridesmaids were dogs. They were Konda-San, Pinku-San and Otoyo Geish, all Japanese spaniels of high degree and all owned by Mrs. Bowen. She had arranged to have them accompany her to the altar and in honor of the occasion she had had them gorgeous dressed in embroidered blankets with delicate lace fringes.

At The Star.

Emmett's trained dogs, now performing at the Star theater, have the best act of the kind ever seen in the city. Some of the feats are simply wonderful as well as amusing, and the crowd last night howled with delight at the performance.

Evans and Forde do a novel and extravagant comedy and singing act that goes big.

Frank Long sings as well as usual, and the pictures complete the show.

NO TROUBLE TO SHOW GOODS.

Even food for thought costs more nowadays.

Do You Realize?

That despondency in women is a mental condition often traceable to some distinctly female ill!

Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as back-ache, headache, and bearing-down feelings. Try Lydia E. Pinkham's Vegetable Compound. There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness.

Here are two such letters—read them—they are genuine and reliable.

Plate, Pa.—"When I wrote to you first I was troubled with backache and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my catarrh is better, thanks to your advice. I will recommend your medicines to all sufferers."—Mrs. Mary Halsted, Plate, Pa., Box 98.

Walcott, N. Dakota—"I had inflammation which caused pains in my sides, and my back ached all the time. I was so blue that I felt like crying if any one even said 'How poorly you look to-day.' I wrote to you for advice and got it at once. I started to take Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and I began to feel better and looked better before I finished the fourth bottle of medicine."—Mrs. Amelia Dahl, Walcott, N. Dakota.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

They are ready to serve direct from the package with only the addition of cream or milk, and a sprinkling of sugar if desired.

Daily Thought.

To persevere is one's duty and be sure is the best answer to calamity.—Evans.

We had always understood that southern Europe's chief source of revenue, as well as fame, is her ruins; and nature is certainly prodigal with the crop.

English juries may not go much on brain storms; but they know a pretty woman in distress when they see one. Ah, well! The jurors have done their best, if they have filled the vacancy on the vaudeville stage made by the demise of Belle Elmore, with the charming personality of Ethel Claire Leneve.

Mr. E. A. Poe has been elected to the Hall of Fame. Bob Browning was a candidate.

We must confess, that if the Ohio Democrats had taken the advice of Mr. Bryan and named a candidate for United States senator against Charles Dick, they would be in a right comfortable position, with the Republicans quarreling among themselves. As it is, John R. McLean, of Washington, D. C., owner of the Cincinnati Enquirer and a corruptionist, is the probable Democratic candidate and he is worse than Dick, who, at least, hasn't made any money out of being senator.

The beauty about the "New Nationalism" is that nobody knows what it is; so the speaker may make it anything he likes and then call it Theodore Roosevelt and kick it all to pieces in the presence of his audience. Roosevelt never will hear of it, and the auditors go home, remarking what a brave man the orator is, "he knocked the stuffin' out of Roosevelt." Thus are reputations sometimes made.

PORTUGAL.

The Portuguese republic fears the army, which revolted and enabled it to be established. Now the new government is trying to induce the soldiers to take a four months' leave of absence in order to disband the regiments. Loyalist officeholders swore allegiance and insist on remaining in office. The soldiers demand that they be recognized by gifts of civil offices. The situation is not one to command itself to the peace of mind of the Teutonic or Saxon races. Of course, if the soldiers were conscripts, they had no choice in taking up arms in the king's name; but if they had their privilege and they were disloyal, the honorable thing for them to do would be to have refused to serve.

in the army. The loyalist officeholders, time servers, who are for whatever party is in power, are entitled to no consideration. The new Portuguese government, handicapped with poverty and ignorance at the bottom, and selfishness and disloyalty at the top, is not a spectacle of strength and grandeur. We hope the problem will be solved in a way to free the oppressed peasantry from ignorance, poverty and abuse; but it is a man's task.

THE SCHOOL SITUATION.
The school of Paducah have not been in as good condition in years as they are at present. Hampered by a lack of means, the present board in the last three years has lifted a floating debt of \$19,000, added new equipment to the laboratories of the white and colored High schools, and spent money judiciously in rehabilitating all the buildings, which were becoming dilapidated and lacked conveniences for the comfort and health of the pupils. The board has done more; it has restored peace to the school administration by its consistent course. This board succeeded a regime of turmoil and wasteful extravagance, which resulted in hanging that interest burden of a floating debt about the neck of the schools, in addition to an embarrassing lack of funds for operating expenses. It has required the keenest business acumen to do what this board has done, and President W. J. Hills has had the assistance of no one more than of John K. Ferguson and S. T. Hubbard, who are candidates for re-election.

Associated with them are men of the same calibre. Glance at the ticket at the head of the editorial column and acquaint yourselves, you voters, with their qualifications. You will find in the personnel of the ticket the assurance of a continuation of the same administration. The election of the Republican ticket will insure a majority on the board of the same men now serving, and the hands of President W. J. Hills will be upheld by a harmonious board, defeat it, and a return to the old time political board with log rolling, waste and extravagance, is certain.

It is not a good thing to swap horses in the middle of the stream. The city schools of Paducah are just pulling out of the slough of indifference. Next year, in all probability, the schools will have much more money to spend, and it must be spent judiciously. The schools need it for equipment and an increase in the teaching force, as well as a gradual increase in the salaries of teachers who yearly are worth more to the schools, but whose services will be in demand elsewhere.

It would be a fatal mistake to replace a board, which has been a business success, has acquainted itself with the school needs and mapped out a good program of improvement, with one entirely new, just at a time when the opportunity has arrived for the trustees to put into practice their well considered plans.

Many complaints are being made that hunters are hunting quail out of season, and the law-abiding sportsmen are indignant. At the best there are not any too many birds this season, but the premature slaughter is said to be heavy and shooting will be scarce for the hunters. The crack of the guns can be heard in all parts of the county, and every day it is said that many partridges are killed. The hunting season will not open until November 15, and unless the practice is stopped it is said that there may be some proscriptions.

DOCTORS PLAN TO UNITE MEETINGS

STATE AND SOUTHWESTERN KENTUCKY TOGETHER.

Return from Bardwell Greatly Pleased with Their Entertainment.

COUNTY SOCIETY MEETING

"The most successful semi-annual meeting in the history of the association."

This was the unanimous verdict of all the semi-annual meeting of the Southwestern Kentucky Medical association yesterday at Bardwell.

Forty physicians, the largest attendance of any semi-annual meeting, were present, and the splendid program was enjoyed. The citizens of Bardwell extended true Kentucky hospitality, and they were guests at a fine dinner. A vote of thanks was extended for the entertainment.

The physicians returned last night, and were pleased at the success of the meeting. The annual meeting will be held in May, when arrangements will be made for the reception of the Kentucky State Medical association.

Some of the physicians made the trip over land in automobile. Dr. C. E. Purcell made the trip in Dr. P. H. Stewart's machine while Dr. Frank Boyd, Dr. E. B. Willingham, and Dr. L. E. Young made the trip in the automobile of Dr. Horace Rivers.

President J. Q. Taylor, Secretary H. G. Reynolds, Dr. J. T. Reddick, and Dr. C. P. Burnett returned last night on the train.

May Postpone Spring Meeting.

The advisability of postponing the annual meeting of the Southwestern Kentucky Medical association from next May until September, when the annual meeting of the Kentucky State Medical association will be held here, is being discussed by local physicians and members of the Southwestern society. With the close of the semi-annual meeting at Bardwell, Ky., yesterday, the doctors adjourned to meet in annual session in Paducah on the second Tuesday in May, 1911. As the state meeting is to be held here a few months later it may be decided to postpone the meeting and hold a joint meeting of the state and divisional bodies.

Between 700 and 1,000 physicians are expected to attend the state meeting and physicians of national repute will be present. With a joint meeting local physicians would enjoy a more elaborate meeting and would be out the expense and worry of two meets so close together.

The question is being discussed among the local doctors and the officers of the Southwestern may be moved to advance the date until the last Wednesday in September.

The state meeting is being planned for one of the largest ever held and Paducah doctors intend to effect a big showing, which will be of untold benefit to Paducah. A joint meeting, it is thought would draw a much larger attendance than at separate meetings and the results would be more pronounced. Many physicians favor the plan and it may be carried out.

Mr. Ernest Perkins, of Lamont, came in last Monday morning and placed his name on the college register here. He will continue to prosecute his studies here in the K. W. S.

NO Recruits This Trip.

For the first time in several months Captain George W. Kirkpatrick, of Evansville, arrived in Paducah last night to find the cupboard bare, for Sergeant Blake, in charge of the local United States army office, did not have a single recruit to be passed upon. However, the prospects are bright for a large number of applications. Captain Kirkpatrick came here from Cairo, where he accepted two recruits enlisted there by Sergeant Joseph Kresky, formerly of the Paducah office. He left this morning for his headquarters at Evansville.

TURKEYS WILL Be Lower.

Mayfield, Ky., Oct. 26.—The turkey crop is said to be the largest in this county known for years, and it is possible that Thanksgiving will find the price for this bird within reach of the average citizen. At present turkeys are selling at 12 cents, but it is expected that they will reach 15 cents by Thanksgiving, and not over 17 cents.

Ostrich plumes are more plentiful in millinery, but it is the shorter ones that are most fashionable.

PIPE SMOKERS!

There is a display in our east window today which we are anxious that men who know good pipes should see.

LOCK-WELL PIPES.
are made of the best quality briar, have fine hard rubber bits, and are the best-balanced pipes we have ever seen.

They have a patented sanitary feature, too, which makes smoking them a genuine pleasure. The stem is fitted with a patented absorbant cartridge which takes up every particle of moisture; in fact, the air passage is absolutely locked except when you are smoking. But the best way is to come in and see them—do it this evening. See the best pipe ever made for the price.

The German club has postponed its dance announced for tonight to one night next week, the date to be published later.

IN South Africa.

Mr. T. E. Elgin, the tobacco broker of this city, who left last June to accept an important post under the British government tobacco department in the Transvaal, South Africa, is now located permanently at Rustenburg as manager of the large warehouse there. Since landing in Africa he has been at Pretoria awaiting the completion of the Rustenburg warehouse, which is a substantial structure with granite foundation, brick walls and iron roof. Mr. Elgin was connected with the W. B. Kennedy Tobacco Brokerage company here and has a host of friends in Paducah.

Matinee Musical Club.

The Matinee Musical club is having its initial program meeting for this season this afternoon at the Woman's club building. The leaders are Miss Jennie Gilson and Miss Adah Brazelton. The program features, which are especially attractive, include:

1. A Retrospect of Our Club Life.

2. Valse Poétique (Rudolf Friml)

3. Les Cent Vierges Le Cocof.—Miss Neil Henneberger.

4. Festal Artists (Memphis May Festival).—Miss Newell.

5. "In the Garden of My Heart" (Ball).—Miss Sara Rogers.

6. (a) Poane Valsante (Ed Polini).

(b) Le Cavalier Fantastique (Godard).—Miss Lillie Mayes Sutherland.

7. Report from Biennial and May Festival in Cincinnati.—Mrs. H. S. Wells.

Crowning of Goddess.

Miss Nellie Keithley, who was elected Goddess of Labor at the annual voting contest Labor Day, will be crowned Tuesday evening, November 1, at the Central Labor hall. The event will be quite an important affair in union circles, and a program for the evening is being arranged. The members of the Ladies' Union Label league are now arranging for the crowning. Miss Keithley is the daughter of Mr. and Mrs. Dan Keithley, 605 South Third street, and she is a popular girl of the city.

FOR Mrs. JACKSON.

Mrs. Harry G. McElwee gave a delightfully informal river party on the G. W. Robertson yesterday afternoon in compliment to Mrs. Lelia Jackson, of Greenville, Miss., the attractive guest of Mrs. I. D. Wilcox. During the afternoon the hostess served a delicious salad course. The party included: Mesdames Lelia Jackson, Greenville, Miss.; Leslie Samuels, Bardstown, Ky.; L. D. Wilcox, R. G. Literary Department Discusses Chaucer.

The Literary department of the Woman's club met this morning at 10 o'clock at the club house. The delightful program featured the Chaucer period of English literature, as follows:

1. Sovereigns of the Age of Chaucer.—Mrs. Arch Sutherland.

2. A Critical Estimate of Chaucer's Canterbury Tales.—Mrs. Muscoe Burnett.

In Honor of Mr. and Mrs. Moore.

Mrs. B. J. Billings gave a dinner on Monday evening in honor of Mr. and Mrs. Stanley B. Moore, who were married last week in Cleveland, Ohio. It was a prettily planned affair. An artistic arrangement of pink and white cosmos formed the center-piece, and the place cards were hand-painted suit cases, with bride's bouquet tied in white ribbon. The pretty color motif was used in the delightful menu. Covers were laid for: Mr. and Mrs. S. B. Moore, Mr. and Mrs. R. L. Moore, Mr. and

Brooklyn Girl Refuses to Postpone Wedding for the Colonel.

New York, Oct. 26.—"Delay my wedding for Theodore Roosevelt? Never!" This is what Anna Fried of the Brownsville section of Brooklyn, told Stephen C. Haskell, Republican leader of Brownsville today when he tried to persuade her to waive her right to the Metropolitan Saenger, the largest hall in the neighborhood, in order that Col. Roosevelt might deliver an address as scheduled October 29.

Haskell had counted on holding the rally in the Metropolitan Saenger, but discovered today that it had been engaged for the nuptials of Miss Fried and Abraham Zacks. He hurried to the girl's home with the suggestion that she postpone or hasten the wedding, but she was obdurate and it was necessary to engage another hall.

AN OLD-TIME PRESCRIPTION

In a modern product. From time immemorial sage and sulphur have been used for the hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow. In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. Such a preparation is Wyeth's Sage and Sulphur, which is sold by all leading druggists for 50¢ and \$1.00 a bottle, or which is sent direct by the Wyeth Chemical Company, 74 Corländ St., New York City, upon receipt of price. For sale and recommended by W. J. Gilbert.

SITUATION IN
THIS DISTRICTRESULT OF BURLEY COLLAPSE
IS PROBLEMATIC.

Buyers Believe Prices Will Show Slump, but Farmers Are Holding to the Weed.

THE VIEW AT HOPKINSVILLE.

Hopkinsville, Ky., Oct. 26.—Just what effect the collapse of the burley tobacco pool will have on local conditions throughout the dark district is a question that is now being largely discussed by the farmers and tobacco dealers and citizens in general. The collapse of the burley pool means the throwing upon the market immediately the \$6,000,000 pounds still under the control of the pool for the 1909 crop and the entire production for this year. The sales of the pooled tobacco begin today in Louisville and Cincinnati and will later be taken up in Lexington.

Naturally it is to be supposed that the marketing of this great amount of tobacco at one time will bring about a sharp decline in prices and if this expectation is verified it is generally believed here that dark tobacco will show a corresponding decrease. While burley and dark tobacco are nothing alike, still there's a certain amount of the trade, especially the French and Spanish buyers, who can use either kind, and they usually let the price be the deciding point in making their purchases. These countries use the lower grades, no matter what type of tobacco they buy, consequently the lower grades are expected to suffer most here. But that all grades will show a considerable decrease in price according to the weakness or strength of the burley sales is the belief among tobacco men here.

Last year when the \$6,000,000 pounds of burley was tied up in the pool and thus kept off the market, the result was plainly shown here, say the tobacco men, in the high prices which began with the opening sales and which continued to reign with steadily upward trend, until the close of the season and at which the market was sold out clean of everything to be offered. Last year is regarded as the best season ever known on this market and the records will show that probably more tobacco was sold here during that season than ever before.

Just how much the expected decline will be is a matter purely of conjecture. Even the tobacco men, agreeing as they do that a decline will be noted, do not agree as to how much it will be, but all do agree that the prices here will be largely a reflection of those paid for the burley, difference in type and natural conditions considered. It is claimed that the crop of dark tobacco this year is much larger than last year, and this too, will have a tendency to reduce prices.

Up to the time the burley pool collapsed there had been considerable speculation done in new tobacco, as high as \$10 a round had been paid for some few crops and many sales having been made at figures slightly under this. But now the situation is such an unstable condition that all the speculators have quit buying and will await a more decided feeling on the market before they begin dealing again. The loose floors have advertised their first sales for November 15th and it is possible that these will have to be awaited to get a definite line on prices that will be paid. The shambles houses expect to start about December 1.

While this is the case on the market, the farmers are still demanding from \$10 to \$12 per hundred for their tobacco and say they will take no less for it. They show no disposition to unload hurriedly and with the high prices of last season still in their recollections they may be up the selling for some time by adhering to their refusal to take less than the prices offered. Just what the outcome will be remains to be seen.—New Era.

XMAS STAMPS ARE TABOOED.

Three Countries Refuse to Admit Mail Bearing Them.

Washington, Oct. 26.—The first official note of the approaching of Christmas appeared today when the post office department issued a warning to postmasters that Portugal, Guatemala and Uruguay refuse to admit to their mails articles bearing other adhesive stamps or labels. Portugal's objection, however, is limited to such stamps as resemble regular postage stamps.

Other countries, such as Great Britain, Germany, British Africa and the most of British dependencies, will admit articles bearing such stamps when stamps are affixed to the reserve and not to the address side. The postal officials announce that articles liable to be refused admittance in the countries mentioned will not be forwarded from the United States, but will be returned to persons mailing them.

The Famous Rayo

Gives the Best Light at Any Price

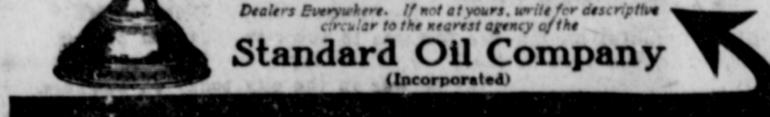

When you pay more for the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil light has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflickering light of the low-priced Rayo.

LIVESTOCK.

Louisville, Oct. 26.—The receipts were 411 head; for the two days 2,671. There was a small change of local buyers on the yards; the demand in most instances was indifferent, and the trade generally quiet, without any material change. Fair inquiry for prime light butcher cattle, while medium and common kinds were slow. Good demand for the good weight sloop steers and good feeding bulls. Canners and cutters slow. Milk cows unchanged. No heavy steers here, feeling easy. Some late sales of yesterday are included in today's sales.

Calves.

Louisville, Oct. 26.—The receipts were 189 hogs, or 2,652 for the two days. The market opened firm, with prices 5¢ higher on all grades, selected heavy hogs, 220 lbs. and up, selling at \$8.85; 165 to 202 lbs., \$9.00; 120 to 165 lbs., \$9.05; pigs, \$8.70 down; roughs, \$8.15 down. The pens were well cleared and the market closed steady.

Sheep and Lambs.

The receipts of sheep and lambs were only 68 head; for two days 328. The market ruled very quiet, with but little doing, and no change noted in any branch of the trade. The best fat sheep selling 2 1/2¢ to 3¢; medium and common sheep dull at 1 1/2¢ to 2 1/2¢. Fat lambs 3 1/2¢ to 5 1/2¢; some fairly higher; culs and common lambs 3 1/2¢.

Kentucky's Crops.

Washington, Oct. 26.—Kentucky crops made the following showing in the Crop Reporter for October 1, just out:

Oats—Yield per acre, 25 bushels; production 4,250,000 bushels; quality 92 per cent.

Barley—Yield 24 bushels to acre; production 24,000 bushels; quality 83 per cent.

Potatoes—Condition 88 per cent; sweet potatoes, condition 76 per cent.

Tobacco—Condition 80 per cent, when harvested.

Condition of apples, 44 per cent; grapes, 51 per cent; pears, 45 per cent; cowpeas, 86 per cent; sorghum, 83 per cent.

Production of (compared with full crops) tomatoes, 81 per cent; cabbages, 83 per cent; onions, 81 per cent; dry beans, 81 per cent; lima beans, 81 per cent; broom corn, 76

per cent; hemp, 79 per cent; clover seed, 65 per cent; millet hay, 82 per cent; seed, 70 per cent; Canadian peas, grain, 89 per cent; forage, 92 per cent.

40,000 Tons Tobacco.

Louisville, Oct. 26.—It marked the first sales in Louisville and Cincinnati of tobacco taken from the big 1909 burley pool, said to aggregate eighty million pounds.

While the planters generally declare the prices realized, averaging slightly less than twelve cents per pound, were satisfactory, these prices were regarded in some quarters as decidedly lower than expected.

The greater part of the burley sold at Louisville was taken in by the American Tobacco company.

The pool sale will put about ten million dollars in circulation in the tobacco sections.

U. S. STEEL

NET INCOME FOR CORPORATION
OVER \$1 MILLION.Total Earnings of Corporation for
First Nine Months of This Year
Amount to \$115,153,023.

New York, Oct. 26.—Earnings of the United States Steel corporation for the third quarter of the calendar year, as announced, following the regular meeting of the directors, aggregated \$37,365,187. Net earnings, after deducting \$6,316,462, of which \$5,555,555 was charged to "depreciation and extraordinary replacement funds," were \$31,948,725.

These figures compare with \$46,170,960 gross and \$33,380,755 net earnings for the previous quarter, and \$28,246,907 gross and \$30,855,019 net for the third quarter of 1909.

Total earnings for the steel corporation for the first nine months of this year amount to \$115,153,023, against \$90,508,606 for the corresponding period of 1909.

The surplus net income for the quarter reported is \$11,078,063, or \$2,832,030 less than that of the previous quarter.

Regular quarterly dividends of 1 1/4 per cent. on the preferred shares and 1 1/4 per cent. on the common were declared.

No statement regarding trade conditions was given out by any of the corporation officials, but it was intimated that earnings for the current month would compare favorably with those of September, which amounted to \$12,100,244.

A hammer and knife—the only tools necessary. Complete instructions, fully illustrated, packed in each roll. And they are so simple that anyone can produce a perfectly water-tight roof. Special large headed galvanized nails avoid the necessity of unsightly tin caps, which quickly rust and cause leaks. J-M REGAL ROOFING, when properly applied, will outwear any other roofing of its class, and it gives the best roof at the lowest cost.

J-M REGAL ROOFING is the outcome of more than 60 years' experience in manufacturing roofing materials. It represents the result of a half century of experience and a constant endeavor to produce a really high grade roofing at a low grade price. While not the lowest in cost, it contains more real value than any other manufacturer can produce for the price.

The base of J-M REGAL ROOFING is genuine J-M TRINIDAD LAKE ASPHALT—the most durable water-proofing material known. As Trinidad Lake Asphalt has been used for 30 years for street paving, it is well adapted for roofing, where the conditions are far less severe. MORNING SERVICES GROWING POPULAR.

--AUDITORIUM--

Another large morning audience was present at the Auditorium this morning to hear Dr. R. A. Torrey, who spoke on the subject, "Baptism of the Holy Spirit—How to Obtain It." Yesterday morning the largest congregation during the meeting was present. Dr. Torrey's subject tomorrow morning will be a continuation of the theme this morning and Friday morning he will tell "How to Study the Bible." This subject attracts widespread interest and a large attendance is looked forward to.

Mr. Kimsey sang "I am Happy in H'm."

Jacoby Meeting.

In his usual clear manner of expression the Rev. William S. Jacoby told of "Growth of Grace" this morning to his class of personal workers, following Dr. Torrey's sermon. How to grow in grace was divided into four heads, each clearly defined. Yesterday morning Mr. Jacoby gave his first sermon on this subject and this morning he explained how to teach a young man or a young convert to grow in grace and in the knowledge of Christ, as well as older people. His first point was to "confess Jesus at every opportunity." He gave three reasons for doing this. First because God commands it; second, because of its strength to Christian lives, which safeguards one, and third, it may be a blessing to others, because of your

testimony. His second point in how to grow was to "be baptized and partake regularly of the Lord's supper." Mr. Jacoby said some people do not recognize the importance and value of the Lord's supper, and he gave two reasons why it should be done: (1) It is the Lord's command; (2) It is a memorial. In reference to the second reason Mr. Jacoby said Christ wants fellowship and communion is taken in remembrance of Him. He said people should take it regularly.

The fourth point was to "study the Bible and feed upon the word of God." Mr. Jacoby said we are told in the word that we, as newborn babes, desire the milk of the word. He said one can no more expect to be strong physically and neglect their regular food than to expect to be strong spiritually and neglect the spiritual food—the Bible.

"If a young man wants to be prosperous," said Mr. Jacoby, "he must meditate upon the word of God, Psalms 1, 1-3."

The fourth and concluding point was "prayer." Prayer and Bible reading go together, said he, and each depend upon the other. He said: "They who wait upon the Lord (and that means to pray) shall renew their strength."

Last Night's Service.

It is in the very nature of a reasoning being, confronted with the certainty of death and the uncertainty after it, to seek refuge in some sort of philosophy, according to Dr. R. A. Torrey, who spoke at the Auditorium, Tenth street and Broadway, last night on "False and True Refuges." He said there are four tests, which applied to philosophy of life, will make certain whether it is true or false. These four tests refer to the crisis of life: whether they meet the sanction of a man's conscience, whether they save a man from egotism and self-righteousness and make him a better man and citizen, and whether they meet all the demands of the deathbed and judgment upon conduct here on earth.

Mr. Torrey discussed many of them, including Unitarianism, universalism, infidelity, dependence in one's innate goodness, and that form of religion which has to do only with the observance of church rules and doctrines. None of these, he showed, for various reasons will suffice in the crisis. Jesus Christ is the only refuge that will meet the approval of conscience, make a man better, and meet the demands of the deathbed and the judgment. There were a score or more conversions last night.

A pretty feature of the service was the singing by Little Miss Randolph of "Somebody Did a Golden Deed—Was That Somebody You?"

Mr. McEwan sang two beautiful solos, "Saved By Grace" and "Out of Christ, Without a Savior."

DEFENSE LOST
ON ONE POINT

COURT REFUSES TO TAKE BRIBERY CASE FROM JURY.

Holtslaw Testifies and Declares He Was Offered \$1,500 to Vote for Furniture Contract.

WENT TO FORD AND JOHNSTON

Springfield, Ill., Oct. 26.—Judge Benson, of the circuit court, overruled the motion of the defense that the court to take the case from the jury and instruct a verdict of not guilty in favor of State Senator Stanton C. Pemberton, of Oakland, and Representative Joseph Clark, of Vandalia, on trial for conspiracy to obtain money for themselves in the award if the contract for furniture for the state capital. The attorneys made the motion yesterday afternoon. Attorneys Andrews and Hugh Graham declared among other things that the state had failed to prove its case.

Following the appearance on the stand of Senator Holtslaw and J. W. Knox, salesman of the Derby Desk company, in the morning, Otto Frier who represented the successful bidders, the Ford and Johnson company, was called by the state. He related how he conversed with Pemberton, Clark and Holtslaw about the contract. He said at one time Clark told him he would have to have \$1,000 for his vote, and that Holtslaw at first demanded \$5,000, but later agreed to accept \$1,500. A. B. Johnston, agent for Ford and Johnston, the witness declared, was present when it was agreed Holtslaw should get \$1,500.

Holtslaw said he had been promised \$1,500 for his vote for the Ford & Johnston company by Johnston, who declared this was \$500 more than either Pemberton or Clark was to get.

Knox told of several conversations he had with Pemberton, Clark and Holtslaw, regarding the furniture contract, and declared each wanted to know how much there was in it. Knox said Pemberton told him he was not going to get the contract and he (Knox) refused anybody anything but a straight bid.

The Clyde, which arrived yesterday with several tie inspectors of the Ayer & Lord Tie company left today on the towboat Pavonia.

The Evansville Courier says:

"The Lena May has been withdrawn from the Henderson-Evansville trade and is tied up for the present. Captain Hornbrook, her owner, notified D. K. Lepper, agent, Sunday night just before her departure for her last trip to Henderson to tie her up after the trip, that the trade would be abandoned for the time being. It has been said that Captain Swain, of Peoria, will place the Lena May in the Henderson trade, left Saturday night with the John S. Hopkins for Madison where the boat will undergo repairs.

Captain Walter Houghland's tug Meteor, will be inspected today. New boilers have been installed.

Captain Houghland's wife who has been ill at Walker's Sanitarium for the past few weeks, is reported much better.

Captain Thompson, who has been running the Lena May in the Henderson trade, left Saturday night with the John S. Hopkins for Madison where the boat will undergo repairs.

The Antoinette arrived yesterday from Green river with a barge of ties.
